We all know how many slides and negatives people have in drawers and shoeboxes. We ALL have them. They represent cherished memories that we would love to see and share with our friends and families. We're just waiting for an easy, affordable way to turn them into digital images so we can view them, email them, print them, store and organize them, etc.

Finally, Pana-Vue offers a solution! The Pana-Vue® Pana-Scan 35mm Slide & Film Scanner is a simple, easy to use device to digitize slides and negatives, at a very affordable price – only \$119.95 MSRP.
