

Pana-Vue[®] Pana-Scan[™]

SLIDE & FILM SCANNER

35mm, 110 & 126 Slides & Negatives

The Pana-Scan[™] Portable Stand Alone Slide & Film Scanner enables you to **quickly and easily convert your cherished slides and negatives into high resolution 22 megapixel digital images** without the need to be connected to a computer. You can show all of your precious images and memories on a TV in HD, or email, share on social media, print and archive

Just insert the film holder into the Pana-Scan[™]. Insert your slides or negatives in the holder, view the images on the **5" LCD screen**, Press the OK/☑ button and the images are stored on an SD memory card ready for you to use in your computer, share on social media, email, archive or view on a TV.

The Pana-Vue[®] Pana-Scan[™] Stand Alone Slide and Film Scanner does not require any additional software or drivers to run on your computer. Just use your favorite photo imaging & editing software.

Pana-Vue[®] Pana-Scan[™] Portable Stand-Alone COMBO SCANNER

Prints, 35mm Slides & Negatives, 110 & 126 Negatives

Go Digital with the Pana-Scan[™] Portable Stand-Alone Combo Scanner! Scan pictures right from your Photo Albums, Magazines, Slides & Negatives.

The Pana-Scan[™] Portable Stand-Alone Combo Scanner allows you to quickly and easily convert your cherished photos, while still in photo albums or magazines, to digital images using patented **anti-glare technology**. The Pana-Scan[™] Portable Stand-Alone Combo Scanner also converts **loose pictures** up to 4X6 inches plus **slides and negatives** into **14 megapixel digital images** without the need to be connected to a computer. You can showcase all of your precious images and memories on a **TV (TV must have a compatible USB input)**, or email, share on social media, print and archive.

To scan a picture while in a **photo album** or **magazine**, just place the scanner on top of the desired image and when you see the image on the **2.4" LCD screen**, press the copy button. The images are then stored on an **SD memory card** ready for you to use in your computer, view on your TV, share on social media, email or archive.
